

Sunday Message 22 March 2015

Message by Pastor M.A Malokane

Message TASTE AND SEE THAT THE LORD IS GOOD

Psalms 34:8

“O taste and see that the LORD is good: blessed is the man that trusteth in him.”

Have you tasted God so far, and see He is good, and if you did you better tell me that He is really good, when you have tasted Him, even if you are a refugee you will feel at home, because you will be taken care of. When the bible speaks about taste it speaks about something you have experienced yourself, not something that you have seen, it's like testimony: testimony that you have experienced and the testimony that you have seen from other people, but when you come with the testimony from God, it become genuine, that's why you have to taste and see the goodness of God. When few people see something they will not tell same vision, but when they taste something everyone will tell or feel the same taste, that's why you need to taste and see, because sometimes vision sometimes depend on light and many things but taste doesn't need anything but it just need to be tasted.

Someone who tasted Lord will never backslide, because he/she has tasted God, if you have tasted something it's not easy for that particular thing to come out of your system. you always know how that thing tasted like, but what you have seen, when someone ask you about it later you might say it was dark I didn't see it well, because in vision there is a factor, that can affect your vision. The moment you tasted the Lord you will now start to live the life of worship, you will not struggle, you will not be pushed to be in spirit because the spirit is always within you, worship will not be a time slot to you, when you are living a life of worship, whenever you are, you will be worshipping, (in a car, in shower, at work) because the taste will be within you.

When we worship from the deepest of our hearts, it is so easy, it just come like a second nature in our lives, the problem is some of us we need something to boost us to be in spirit, e.g. energy drink or red bull, if we need that, it shows that there's a something wrong, things of God is not about our emotions or feelings, it's something different, change your mind!, when you complicate things of God it will become complicated.

TASTE AND SEE THAT THE LORD IS GOOD

BE BLESSED!

Prayer of the week

Quote of the Week

All things that are good
are from God.
Goodness can come from
all circumstances
His goodness leads to
repentance.
God's goodness is our
shelter.

O God, we have been too self-centred. We have forgotten that our best and joyous life must be lived in fellowship with You and believing and trusting only in You. And that we must begin to understand that not everything is all about us but You Father. Help me from today and going forward that I will speak positive in all my situations what I see now not working will not bother me anymore, and I will no longer focus on them but my eyes will be fixed on You Lord. I am free.

I speak life in everything that you have trusted me with. My life, my family, my marriage, my job, my house, my car, I mean everything.

I pray in the name and authority of the risen Lord Jesus Christ. Amen.

Interesting Facts

God's response is so simple. Anything that is made well is made slowly. So stand still and
